RELEASE OF JENKINS AGAIN DEMANDED

LOCAL MERCHANTS MAY USE LAMPS TO LIGHT THEIR STORES IN FAMINE OF COAL

Drastic Conservation Measures
Adopted by Government to
Save Fuel.

WHITE WAY AND SIGNS
ARE "OUT" INDEFINITELY
Copies of Restrictions Are Mail-
ed to All Mayors of the
State.

Merchants of Albany and Decatur
today were preparing to comply with
the recently issued government re-
striction on coal consumption, though
inquiry found no person to whom the
authority of enforcement had been
delegated. It was stated in news dis-
patches received here that the sheriffs
of the various counties would enforce
the coal conservation measures, but
Sheriff J. V. May, of Morgan county,
stated that he had received no in-
structions.

The new restrictions require retail
business houses shall use heat, light
and power only between the hours of
9 a. m. and 4 p. m., except bakeries,
restaurants, drug stores for sale of
drugs only and barber shops, which
are permitted to use light, heat and
power from 8 a. m. to 6 p. m.

Theatres, moving picture houses and
other places of amusement may use
light, heat and power only between 1
p. m. and 10:30 p. m.

Many merchants today were plan-
ning to use the supply of oil lamps
for lighting and heating purposes.
Factories Affected
All factories, not manufacturing
essential products, are directed under
the fuel conservation measures, to op-
erate only 48 hours each week. Ex-
ceptions are made to meet the special
conditions of railroad stations, hos-
pitals, telephone, telegraph and news-
paper offices. Copies of the restric-
tions will be mailed to all mayors in
the Southern region, including Ala-
bama.

Manager T. L. Beauchamp, of the
Alabama Power company, today re-
ceived instructions from officials of
the company, to comply with every
provision of the war-time restrictions.
All advertising signs and the white
way here will be discontinued indef-
initely, until the ban is lifted.

The drastic action taken by the gov-
ernment will go far toward conserv-
ing the diminished coal supply of the
nation, it is stated.

MAGIC CITY IS HEATLESS
AFTER 4 EACH AFTERNOON
(International News Service.)
BIRMINGHAM, Dec. 1.—Owners
of office buildings and operators of
industries in Birmingham began pre-
parations this morning to observe the
order of the national fuel administra-
tion requiring the curtailment of coal
used by them. Tenants in Birming-
ham buildings were notified by agents
and owners that heat would be cut
off this afternoon at 4 o'clock.

Under the order of the national fuel
administration, which has just been
promulgated by the regional director
of railroads, and which will be en-
forced by him, all industries in the
city are expected to close at 4 o'clock
each day until further notice. J. S.
Peyear, general manager of the Birm-
ingham Railway, Light & Power com-
pany, stated Monday that his com-
pany was expected to come under the
order of the fuel administration, al-
though most of its power is gener-
ated by water.

The drastic regulations which the
regional coal committee announced
will be enforced under the wartime
powers of the U. S. fuel administra-
tion and mean a discontinuance of
much of the enjoyments that go to
make night life of the cities. For white
way lights will cease to shine, elec-
tric signs will be dark and no soft
drink or tobacco may be purchased
after the stores close at 4 p. m.

Beginning Tuesday stores may not
be opened before 9 a. m. and amuse-
ment places must remain closed until
1 p. m. Regulations apply to all ter-
ritory east of the Mississippi and
south of the Potomac and Ohio rivers,
with the exception of Virginia and

NOTE BORDERS CLOSE ON AN ULTIMATUM

Mexico Reminded That Bandits Are at
Large and Only United States
Consul Held

(International News Service.)
WASHINGTON, Dec. 1.—That the
charges against consular agent Wm.
O. Jenkins are unfounded in the opin-
ion of the American government is
stated in the new note to Mexico, and
therefore the demand for the imme-
diate release of Jenkins must be re-
newed.

The note, which was signed by Sec-
retary of State Lansing, does not con-
stitute an ultimatum, but is the next
thing to it. It points out that Jen-
kins is being persecuted, while the
kidnappers are at large in the second
largest city of Mexico and that no
attempt is being made to capture
them. The U. S. government de-
clines in the note to be drawn into
any discussion of irrelevant matters
or unimportant issues. The note di-
rects the American charge d'affaires,
Mr. Summerlin, to communicate the
note at once to the Mexican govern-
ment.

BRAZIL SITS TIGHT
(International News Service.)
BRAZIL, Ind., Dec. 1.—Miners in
the Brazil field were sitting tight to-
day. None returned to work, despite
the operator's offer of 14 per cent in-
crease in wages.

FOUR ARRESTS EXPECTED
MEXICO CITY, Dec. 1.—Four Mex-
icans probably will be charged with
treason in connection with the case
of W. O. Jenkins, the U. S. consular
agent at Puebla, who is now in jail,
according to a statement made by
Minister of Finance Luis Cabrera,
brother of the governor of Puebla.
Minister Cabrera declared that the
Puebla authorities had already gath-
ered enough evidence to indicate that
Mr. Jenkins had voluntarily consented
to be kidnapped by Mexican rebels.
The investigation according to the
finance minister, had implicated four
Mexicans, among them Edouard Mes-
tre, attorney for Mr. Jenkins.

ITALIAN KING IS ALLOWED SPEAK DESPITE THREATS

(International News Service.)
ROME, Dec. 1.—Parliament was
opened today with an address from
the throne despite the threats of the
radical socialists to prevent King
Victor Emmanuel from speaking. Af-
ter the king had finished his speech,
the socialists shouted "long live so-
cialism," and then walked from the
chamber. Queen Helena had accom-
panied the king from the Quirinal to
parliament building.

ROOF IS RIPPED UP BY THE HIGH WIND

Severe damage was done Saturday
afternoon by the high wind and rain,
when a section of the roof of the
Cook Brothers Furniture store was
ripped up by the wind. The tin sheet-
ing took with it the rafters, leaving
a part of the building entirely exposed
to the down pour of rain.

Water poured into the store, flow-
ing to the basement. Stock was re-
moved from danger as rapidly as pos-
sible, but no estimate had been made
this morning of the damage, it was
announced.

NANCY TAKES OATH AS BRITISH SOLO

(International News Service.)
LONDON, Dec. 1.—Viscountess
Nancy Astor was sworn in as a mem-

ternoon. She was the first woman to
take a seat in that historic law-mak-
ing body.

CENTRAL NATIONAL WILL BE IMPROVED AND 2 NEW VAULTS WILL BE INSTALLED

Work on Contract Let Five
Weeks Ago, to be Started
at Once

ADDITIONAL SPACE
IS TO BE PROVIDED
Safety Deposit System Will be
One of Modern Innova-
tions.

Work will be started immediately
on extensive improvements to the in-
terior of the Central National bank,
contract for which, let several weeks
ago, call for completion by the first
of 1920. The first shipment of ma-
terial already has arrived.

The entire interior will be improved
and enlarged, according to an an-
nouncement made today by Thomas
A. Bowles, cashier of the popular in-
stitution. The improvements also in-
clude the installation of two modern
burglar-proof vaults, one for the stor-
age of books and currency and the
other for safety deposit.

Plans for the new interior call for
additional teller's windows and for
greatly increased lobby space. The
present vault will be torn away and
the two new vaults will be built in
what now is the director's room,
slightly more than two feet of addi-
tional space being taken from the of-
fice of the Central National Insurance
company in the rear of the bank. The
new fixtures will occupy the area now
occupied by the vault.

Both of the new vaults will be
equipped with steel filing cases of the
most modern type. The improvements
will cost more than \$12,000 and will
make the bank one of the prettiest
and most convenient in the state.

Marble for the new fixtures, which
arrived this morning, was shipped
more than five weeks ago, going to Al-
bany, Ga., by mistake.

SAMUEL COOK DIES AT MT. PLEASANT

Funeral services will be held at Co-
lumbia, Tenn., today for Samuel
Cook, who died at his home in Mt.
Pleasant Sunday afternoon at 6 o-
clock after a short illness. Mr. Cook
is well known here, having visited his
son, Frank G. Cook frequently, and
has many friends in Albany and De-
catur who will be shocked to learn of
his death. Frank G. Cook, of Cook
Brothers Furniture company, was
called to his father's bedside Satur-
day afternoon.

The deceased is survived by his
wife and the following children: Miles
Cook, of Mt. Pleasant; Fred Cook, of
Columbia; Frank G. Cook, of Albany;
Dave Cook, of Mt. Pleasant; Buford
Cook, of Nashville; Miss Bertha
Cook, of Mt. Pleasant and Mrs. Ira
Brown, of St. Louis, Mo.

Gen. Pershing Agrees to Visit the Magic City

(International News Service.)
BIRMINGHAM, Dec. 1.—General
John J. Pershing and 12 staff officers
will be in Birmingham five hours Fri-
day night, Dec. 12, as guests of the
city of Birmingham and various civic
organizations, according to telegrams
received here this morning, in re-
sponse to invitations sent to Gen. Per-
shing to stop over here to and from
his tour of inspection at Sheffield.
Tentative plans for General Pershing's
entertainment include a great ban-
quet with 500 covers and a reception
at a theatre where the General will
speak.

TO NAME SUCCESSOR
(International News Service.)
WASHINGTON, Dec. 1.—President
Wilson will appoint a secretary of
commerce to succeed Wm. C. Red-
field, resigned, within a few days it
was announced at the White House
today. Intimation was given that the
appointee was from the middle west.

SWITCHMEN'S STRIKE CALLED OFF FOLLOWING LONG CONFERENCE

Men Agree to Go Back to Work When Called on
by Brotherhood Officials.

(International News Service.)
KANSAS CITY, Dec. 1.—According
to an announcement made by Wm.
Corbitt, general manager of the Kan-
sas City terminal railways company,
the switchmen's strike was called off
at 2 o'clock this morning, following a
stormy session of striking switchmen
which lasted all Sunday afternoon and
until late last night. An agreement
to call off the strike was reached at
an early morning conference be-
tween a committee of the switchmen
and George W. Anderson, representa-
tive of W. G. Lee, brotherhood of
railway trainmen head.

MISSIONARY TELLS OF WORK IN CHINA; URGES MERCHANT MARINE ON PACIFIC

L. D. Patterson Addresses Large
Congregation at the Central
Methodist.

Influence of America on Chinese
Is Great, the Speaker
Declares.

L. D. Patterson, of Sungkiang,
China, where he is at the head of a
large institutional church with his
wife, formerly Mrs. Annie McCoy,
and who is in this country on a short
furlough, spoke Sunday morning at
the Central Methodist church.

The distinguished missionary
preached from the text: "If any two
of you shall agree on earth as touch-
ing anything they shall ask, it shall
be done for them by my father which
is in heaven." The preacher, while a
student at Birmingham college, and
at Vanderbilt was a recognized lead-
er in debates and as an orator. At
the last named institution he is re-
ported to have won the founder's
medal, one of the most coveted honors
of the University. A glimpse of the
speaker's character and susceptibil-
ity to spiritual impression, was
shown throughout the sermon; but
especially in a story related by him
near its close. It was told that \$200
was due by a certain hour to pay off
several carpenters who had built an
addition to the new church, erected
soon after the speaker began his work
in Sungkiang.

According to the speaker the text
of his yesterday's sermon had been
used by himself and one of his as-
sistants as the "working basis" of
his efforts to locate the needed \$200,
for days, without satisfactory results.
When at last the last hour before the
debt was due was near, tired out and
foot sore the missionary almost left
it to "George" or the Lord to ac-
complish the payment of the debt.

But then the thought came to him
that he must do his utmost to answer
his own prayers, so with this in mind
and suppers he set out again, finally
landing the \$200 just in the nick of
time. Said the speaker, "It was not
until after this experience that I
realized and made my own the Mas-
ter's words: 'I have meat to eat that
ye know not of. My meat is to do the
will of Him who sent me.'"

Splendid Orator
With apparently no attempt at ora-
torical effect, Mr. Patterson held his
hearers spell bound. As for the de-
mands that Christ's cause is to make
on the pocket books of Christians, the
speaker said that the \$75,000,000 cam-
paigns and the others, "only scratched
the surface." In this connection it
was declared that business men who
would go to China and live their
business lives and Christian lives just
as they would live them in America
were "as much in demand, if not
more so, now, than the regular mis-
sionaries."

In prefacing his sermon Mr. Pat-
terson said that if he were addressing
a peace conference he would say that
there can be no final world peace,
without due consideration for China
as the problems centering around her
400,000,000 souls were sure to pre-
cipitate war, unless a Christian power
and influence was brought to bear on
China and those who will contend for
the trade of China.

CONGRESS IS AGAIN IN SESSION; MANY MEMBERS ABSENT WHEN GAVEL FELL

Law Makers Re-Convened at
Noon Today for the Reg-
ular Term.

PRESIDENT'S MESSAGE
EXPECTED TOMORROW

No Important Business to Come
Up Prior to Christmas
Holidays.

(International News Service.)
WASHINGTON, Dec. 1.—Congress
began its deliberations this afternoon.

MINORITY REPORT
(International News Service.)

WASHINGTON, Dec. 1.—A minor-
ity report on the Cummins railroad
bill was to be submitted to the senate
today by Senator La Follette of Wis-
consin. The minority report declares
the Cummins bill is revolutionary in
its character and would lead to the
wrecking of the railroads.

MANY WERE ABSENT
(International News Service.)

WASHINGTON, Dec. 1.—There was
scant prospect of either the senate
or house doing anything of great im-
portance in the immediate future when
the first regular session of the Sixty-
sixth congress began at noon today.
Many senators and representatives
had signified their intention of ab-
senting themselves until after the
Christmas recess. Interest was cen-
tered today in the message President
Wilson will transmit to congress to-
morrow.

WILSON BEGINS MESSAGE
(International News Service.)

WASHINGTON, Dec. 1.—Presi-
dent Wilson was today to begin the
actual work of writing his message to
the Sixty-sixth congress. The
President has not yet dictated the
message, although it is expected to
be delivered tomorrow. He has been
reading the reports of the cabinet of-
ficers during the past two weeks and
has jotted down notes and has the
message outlined. It is believed that
Dr. Grayson will forbid the President
from working any great length of
time on the writing of the message
and for that reason it will be brief.

MISS ROBINSON IS HEARD ON "CHINA"

The Westside Presbyterian church
congregation heard Miss Louise Rob-
inson Sunday night on "China and
the duty Christian America owes to
that country." Miss Robinson has re-
cently returned from Sou Chow, China
for a year's further preparation for
her work in the school there and re-
sides with her parents, Mr. and Mrs.
L. S. Robinson of West Albany.

According to custom, the West side
Christian Endeavor had charge of the
regular services the first Sunday
night in the month and so secured
Miss Robinson to make the principal
address.

The speaker said that the reason
China had not advanced was her wor-
ship of the past, and the disposition of
her people to look backward instead of
forward. It was explained that Ameri-
cans both in a governmental way
and religious sense had proved China's
best friends so long, that that great
nation had implicit faith in America.

The development of China, from an
absolute monarchy to a democracy
was traced by the speaker, with a
final plea that America carry a full
and triumphant gospel to the young
democracy. The opinion was ex-
pressed that unless Christian ideals
prevailed in the new republic it would
fall and an absolute monarchy be re-
established.

Central Labor Union To Elect Officers

ONE PLEADS GUILTY IN ELECTION FRAUD CASES IN MICHIGAN

(International News Service.)
GRAND RAPIDS, Mich., Dec. 1.—
Three of the men indicted on con-
spiracy charges in connection with the
election of Truman Newberry, of the
United States senate, surrendered to
the United States attorney today.
William F. Price, a printer, pleaded
guilty. The other two were: Roman
Glochuski, attorney and George Rog-
ers, former alderman of this city and
both entered pleas of not guilty under
the indictment. Senator Truman
Newberry, who, through his attorney,
has agreed to appear voluntarily in
court, will not be taken into custo-
dy, it was stated. In all 135 men,
prominent politically throughout
Michigan, were indicted. Many of
them are said to be arranging bond
and are expected to surrender to the
authorities during the day.

REPRESENTATIVE DAVIS VOUCHES FOR JENKINS

Representative Davis has come to the side of his lifelong friend, Wm. O. Jenkins, now in a Mexican penitentiary charged with conniving at his own kidnapping. In a public statement the Tennessee congressman has declared that Jenkins is "the soul of honor," and has gone further to recall that in 1914 the consular agent faced a Mexican firing squad with an unflinching eye and demanded that they release him or suffer the penalty. At that time Jenkins had been arrested for his vigorous resistance when Mexican soldiers raided the consular offices.

The American people as a whole believe in Jenkins. They know that no man would have been sent to Mexico in a consular capacity who was unworthy of trust, and they know also that Mexican officials are capable of resorting to every manner of means to discredit the representatives of the United States. However, despite this confidence in the integrity of Mr. Jenkins, it is consoling to have him vouched for in such strong terms by one who has known him intimately since childhood.

To square the Jenkins account should keep the Carranza government pretty busy for the next few weeks, and if war does not result from the indignity heaped upon this official it will merely be because of the tolerance which our government has always shown in its dealings with the nations to the south.

BUYING AN ELECTION; THE MICHIGAN CASE

Paraphrasing a bit, "some men are born senators, some buy senatorships and others have senatorships thrust upon them."

In the second class is Truman H. Newberry, of Michigan, if the grand

jury which recently returned indictments against the Senator and 133 of his associates, including his millionaire brother, has not seriously erred. For the honor of defeating Henry Ford, whose ideals no doubt have caused genuine alarm in capitalistic circles, Newberry is said to have paid more than half a million dollars. The grand jury found that the money went to the politically corrupt of all kinds, from the country editor who accepted a ton of white paper to the professional trafficker in voters who was sufficiently experienced to correctly appraise the value of his services.

The Newberry plan of getting elected to office is not a new one. It has been practiced in every state of the union, but never before was it dignified by the expenditure of such huge sums. Terra Haute had an election fraud case that attracted national attention, but it did not involve men so high up in the walks of life. The mayor of the Indiana city was cast in the leading role of this drama, and was one of many who received prison sentences. Federal investigators showed that vote buying was an epidemic in Indiana, and they promise to prove that the love of lucre has also contaminated the citizenship of Michigan.

If Newberry is convicted of election frauds—and he may be, despite his great wealth—he should be sent to the penitentiary for a long term of years. He would look well in stripes, and his fate would be a warning to others of high and low degree who do not hesitate to manipulate the ballot box. There can be no real democracy in a nation that allows its electorate to be debauched, just as there can be no full and free expression of the will of the voters.

STATE PRESS

(Alabamian-Dispatch)

Florence and Sheffield papers are showing a spirit of jealousy over the great Nitrate plants here, and the Wilson Dam which is being built across the river. The controversy began over an article with regard to the extension of L. & N. Railroad south of the Tri-Cities. By the way, if this road is extended the trains will pass through Tusculum, the track ending at present at the station near the Southern station on Waterstreet. The Tri-Cities should be united and if the newspapers should show a little coloring in favor of their own town occasionally, we believe they should be excused. This brings to mind a map of Florence which appeared in one or more of its papers last year which showed the dam across the river and the nitrate plants. This map had Tusculum on it located in the neighborhood of Cherokee, and Sheffield was down near Prides station. Parties that were drawn to the Tri-Cities by this advertisement were greatly surprised on their arrival here, to find that Sheffield and Tusculum were in such close proximity to the great government enterprises.

We will take our hats off to Fontaine Little of Sheffield, and assert that he is a clever and fair correspondent, and rarely if ever do we note an overdrawn picture in the Tri-

Cities Daily. But there is room enough for all in this neck of the woods and to be powerful and effective all three towns must pull together.

(Sheffield Standard.)

Florence Daily News, in a factious way, criticizes the correspondent of the daily papers in Sheffield for referring to the nitrate plant being located in "East Sheffield." Certainly the plant is not in East Florence, or any other part of Florence. It is not even in the same county, so why should the versatile correspondent be subject to any such criticism? There is enough glory and money for all three towns and this jealous rivalry should not enter into the discussion of the case. What benefits one town must of a reasonable certainty, benefit them all.

"ALL O. K. FOR THE BLOOD"

Is What a Citizen of Georgia Says of ZIRON, the New Iron Tonic.

Iron is needed by the blood to keep men and women strong and healthy. Iron is needed by the nerves to keep them toned up. Ziron, the new iron tonic, will put iron into your blood and should help renew your faded nerve forces in the way it has done it for many others.

Read what Mr. J. R. Bell, Rt. 2, Oconee, Ga., says about the effects of Ziron: "I think Ziron is all O. K. for the blood. That was what I have been taking it for—my blood. I liked Ziron so well that I went back to the store and got two more bottles of it."

Ziron is a combination of a pure medicinal inorganic iron salt, mentioned in the U. S. Pharmacopoeia, with the hypophosphites of lime and soda, and other valuable tonic ingredients, endorsed and recommended by the best medical authorities and mentioned in the medical text books.

All druggists sell Ziron on a money-back guarantee. Look for the formula on the label. Get a bottle today, and give it a fair trial.

UNCLE SAM SAYS CLOSE!

The Fuel Administration has decreed that all stores close at 4 o'clock p. m. and not to reopen until 9 o'clock in the morning. That means all stores except drug stores will have to observe these hours.

Christmas is only a short time off and people that do not wish to be disappointed had better get busy. It will be impossible to wait on late comers to their satisfaction, and further, people that wish to buy goods which they would like to have engraved, it would do well to buy them now, as in all probability we cannot engrave goods for late comers.

We carry the largest assortment and best stock of Jewelry, Silverware, Cut Glass, Ivory and all goods in our line suitable for Christmas presents to be found in Northern Alabama. A word to the wise is sufficient. Our large stock is at your service. Our PRICES ARE RIGHT. COME AT ONCE.

The war and its results has practically made the Pacific a Japanese lake. That country's ships dominate the Pacific. We should at least have as large shipping interests on that ocean as the Japanese. Do this quickly and it will save possible trouble in the future.

"If any of you are influential with our congressmen, I would advise you to get them to vote for and advocate subsidized merchant marine for the Pacific." The speaker also said that if he were addressing a Chamber of Commerce, he would advise that wherever possible, business relations be established with the Chinese.

The speaker declared that it was possible now, for a bale of cotton to be shipped to China "manufactured into goods and returned to Alabama, cheaper than the same cotton can be woven into goods at Alabama City." (The large Dwight Cotton mills are located at Alabama City). The speaker said that this was possible on account of the difference in labor cost in China and America.

BURN MORE AIR —LESS FUEL

600 Cubic feet of air are required, ordinarily, to burn one pound of coal

NATURE will give you, for the mere taking, a limitless amount of pure air. It costs you absolutely nothing—it is free. On the other hand, every pound of your coal or wood costs you money—hard earned money.

Your range literally chokes it's fire. It can not supply the required amount of air, and at the proper place. It is throwing ton after ton of your hard earned fuel up the chimney as unburned fuel gases.

You cannot afford to go on year after year wasting so much of your fuel. Buy the range that is guaranteed to save you fuel, and that will actually pay for itself in the fuel saved—buy—

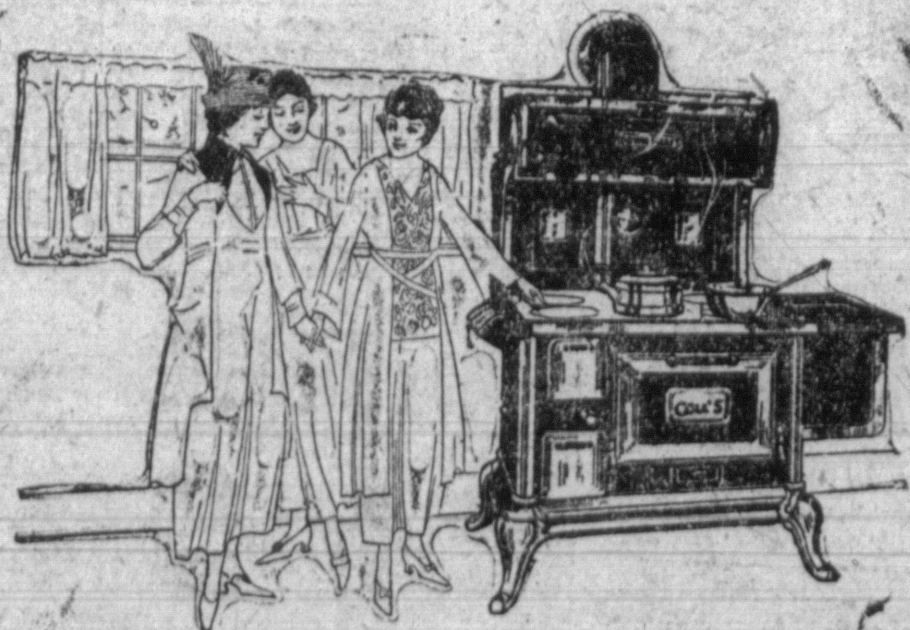

COLE'S DOWN DRAFT RANGE

This beautiful range is built scientifically and to burn more air and less fuel. It burns every particle of burnable material in your fuel—(gases and all.)

It will burn anything

Hard coal, soft coal, slack, wood, or even corn cobs. This stove is built to last, having copper alloy iron on parts subject to rust, and malleable iron on parts subject to breakage.

It is a Mother's stove—the kind that makes the oaking always turn out right, and makes cooking a pleasure.

Come in and see us, and let us show you this beauty

The regional committee in Atlanta was almost swamped with letters from various consumers asking for special rulings, and much of Sunday and Sunday night was spent by committee members in answering such communications, according to wires received here. The question as to whether cities using only electricity generated by water power were included remained to be ruled upon Monday.

Sure Relief

The Strong Withstand The Winter Cold Better Than The Weak

Old people who are feeble and younger people who are weak, will be strengthened and enabled to go through the cold weather by taking GROVE'S TASTELESS CHILL TONIC, which is simply TONIC and QUININE suspended in syrup. So pleasant even children like it. You can soon feel it strengthening, invigorating effect. Price 50c.

CHEST CLOGGED UP WITH HEAVY COLD?

Don't give it a chance to "set in"—use Dr. King's New Discovery

THAT dangerous stage where a cold or cough or case of croup might get the better of you may be nearer than you think. Prompt action with Dr. King's New Discovery will avert a long siege.

For fifty years it has loosened congested chests, dissipated tight-packed phlegm, broken vicious colds and coughs. Give it to the youngsters—take it yourself. There will be no disagreeable after-effects. 50c. and \$1.20 a bottle. At your druggist's. Give it a trial.

Bowels Become Normal

—liver livens up, bile flows freely—headache, biliousness, tongue-fur, stomach-sourness, disappear when Dr. King's New Life Pills get in their natural, comfortable action. Purgatives never permanently correct; sometimes habit-forming, should not be taken to rack the system violently. Nature's way is the way of Dr. King's New Life Pills—gently but firmly functioning the bowels, stimulating the intestine-clogging waste, and promoting the most gratifying results. Cleanse the system with them and know the boon of regular bowels. 25c. at all druggists.

CALOTABS ARE BEST FOR COLDS AND INFLUENZA

Doctors Now Prescribe Calotabs, the
Purified Calomel Tablets That
Are Nauseless, Safe and
Sure.

Doctors are warning the public that
simple colds and mild cases of influ-
enza often lead to pneumonia and
other serious complications. They say
that every cold should receive immed-
iate attention and that the first step
in the treatment is to make sure
that the liver is active. For this pur-
pose Calotabs, the perfected, nausea-
less calomel tablets are the surest,
best and most agreeable laxative.

One Calotab at bed time with a
swallow of water—that's all, no salts,
no nausea, and no upsetting of the
digestion and appetite. Next morn-
ing your cold has vanished, your liver
is active, your system is purified and
refreshed and you are feeling fine
with a hearty appetite for breakfast.
Eat what you please, no danger.

For your protection, Calotabs are
sold only in original sealed packages,
price thirty-five cents. All drug-
gists recommend and guarantee Calo-
tabs and are authorized to refund the
price if you are not delighted with
them.—Advertisement.

THOUGHT FOR EVERY ONE.

Keep us, O God, from pettiness. Let us be large in thought, in word
and deed. Let us be done with fault finding and self seeking. May we
put away all pretense and meet each other face to face, without self-
pity and without prejudice. Let us take time for all things. Make us grow
calm, serene and gentle. Teach us to put into action our better im-
pulses, straight forward and unafraid. Grant that we may realize that
it is the little things that create differences. That it is the big things of
life we are as one. And may we strive to touch and know the great,
common woman's heart of us all.

Then the program was given over to
the Federation report by the secre-
tary, Mrs. Rufus Pearson. The pro-
gram subject for the year is "China,"
so Miss Louise Roberson, a returned
Missionary from China, made an ad-
dress that pleased every one. She
lent a personal touch of much inter-
est to the club. This was followed by
a social hour, when the hostess served
a tempting salad course. The guests
were Mrs. Walter Grubbs, of Bir-

Americans.

Mr. J. E. Blair, a frequent contri-
butor to the columns of the Albany-
Decatur Daily, is in receipt of a very
encouraging letter from Grace S.
Richmond, the noted novelist and ma-
gazine writer. Some of his articles
that have appeared in the Daily, had
come under her observation and
pleased her to the point of writing
him a very encouraging letter. She
says in part, "The Gospel contained
in those thoughts was just what
men's hearts are hungry for, that
such writing is the kind that hits
straight from the shoulder and would
not offend, that the entire lot of ar-
ticles were expressed in clear inspir-
ing English."

Such expression from a woman of
the fame of Grace Richmond is an in-
spiration to go on.

COMMUNITY SERVICE

There is much unrest all over the world and the
United States is not entirely immune from Bolshevism.
What is needed to avert one of the most dreadful of all
calamities is the Americanization of all foreign born
within our borders and to rescue those fortunate enough
to be born in this country from the slough of despond,
to improve their surroundings and give them a more
hopeful and cheerful view of the future. To impress
upon the foreign born the necessity of being good citi-
zens is one of the greatest objects of Community Service.

There is room in every community for earnest work
in this direction and there seems no questioning the
statement that Community Service is the best equipped
organization to accomplish this tremendous task. It
has the machinery and the leaders and it already has
proved its worth in a number of cities. Neighborhood
and community works are not new in this country, but
there is a new promise of force through national organi-
zation in the nation-wide plans of Community Service.

Roosevelt said that "no man could be part American
and part something else" and truer words were never
uttered. The citizens of this country must be all Ameri-
can or nothing. The program of Community Service
calls for a great movement to make thorough-going
Americans of all of our foreign born population. Ameri-
canization is the common term but higher and better
citizenship are better words. Through various methods
Community Service plans to instill into the alien born
the ideals that will counteract unrest and place the dis-
ciple of unrest in the background.

BRITONS MADE AUTO IN 11 MINUTES

FACT THAT AMERICAN'S RECORD IS BEATEN CAUSES UNBOUNDED JOY.

(International News Service.) LONDON, Dec. 1.—"A motoring correspondent" of the Manchester Guardian has ascribed Vesuvius odw Guardian has quickened the pulse of British pride by announcing the discovery of a group of British workmen in Detroit who completely assembled an automobile in eleven minutes, beating all American records.

For several months Britons have been reading in their leading newspapers of the wonders of American workmen and industrial captains. The army of correspondents that crossed and "discovered" the United States liberally flooded every copy desk with wild stories of American superiority.

But now they have taken heart once more, having read the following article, carried under the caption "British Men Quicker Than Americans."

"When I visited the Ford company's works in Trafford Park I found the British workmen there elated over a claim that they had beaten the American workmen at their own specialty. They had completely assembled a Ford car in the remarkable time of eleven minutes, which they claimed was well ahead of anything achieved in the Detroit works."

"I have discussed the question of mass production in Britain with many manufacturers. One of the objections often raised is that our work people would not take to this class of work. But on a tour round the works where British workmen are engaged in American methods I found the greatest keenness and enthusiasm."

"To encourage this a large black board is placed in a prominent position and the progress of production is marked up. At 12 o'clock when the organized hustle in the works ceased like magic for the luncheon interval, work people crowded round the notice board studying the latest figures. The week's total was 500 completed cars the morning's total 50. Five hundred cars a week is the average output."

"Point these figures out to a British manufacturer and he will tell you that it really does not matter, as the Ford is in a class of its own and has a market of its own. This may be, but at the same time it is as well to remember that if British enterprise had adopted these methods they might have had this market."

"The methods which enabled Brit-

ish workmen to assemble an American car in eleven minutes were instructive. The car parts arrive in barges up the Manchester Ship Canal. The boxes are unloaded and unpacked and moved by machinery to the various places of assembly. The engines, after being tested by an electrical apparatus—a matter of a minute or so—are placed in a kind of trough and moved along by a chain.

While they are moving the fitters are working. They have to complete their job of fitting in plugs and other accessories before the engine gets to the end of the trough. The time is sufficient and any failure needs explanation. It would also hold up the whole operation of assembly, for as soon as the engine gets to the end of the trough it is picked up by a lift and dumped on to the chassis. The engine and the chassis are now in motion. The engine is bolted on to the chassis, the men moving along with it. At an appointed place wheels drop down from a chute. These are put on while the chassis is still in motion.

"A little farther on the body is swung on to the chassis from a lift. The same applies to the wings, lamps, radiators and other accessories, all of which appear at the right place at the right time. From the moment the assembling of the car starts it is on the move until it runs out at the far end of the works under its own power with a driver at the wheel."

WHAT WELL-KNOWN ALABAMA WOMEN SAY

Phoenix City, Ala.—"Dr. Pierce's Favorite Prescription" is worthy of all the praise I can give it. At different times in my life when I was greatly in need of help 'Favorite Prescription' did me a world of good. The fourth time I became a mother I was left in a weakened condition. I was extremely nervous and would swell up like one with the dropsy, but by the use of the 'Favorite Prescription' I was restored to good health. Then when I came to middle life I began feeling miserable and I again took the 'Favorite Prescription' and it was a great benefit to me at this time, giving me strength and vitality."

What a Prominent Nurse Says

Montgomery, Ala.—"My work as a nurse is so strenuous sometimes that I become nervous and worn-out. I have nervous indigestion and when I can get to sleep, have such terrible nightmares that I do not get the rest I need. The best remedy I have ever found for this nervous and over-tired condition is Dr. Pierce's Favorite Prescription. One bottle strengthens and builds me up so that I can do with comfort the work necessary for me to do, and my rest at night is perfect. Many of my patients have started to take Dr. Pierce's remedies on my recommendation and always praise them as highly as I do."

Mrs. L. BARNES, 60 Covington St.
"Favorite Prescription" should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package Tablets.

PARIS NOW DANCE CRAZY SAY SENATOR

EVEN NEWSPAPERS SOUND LIKE A JAZZ BAND, SAYS M. BOUTROUX.

(International News Service.) By a Special Correspondent of International News Service and London Daily Express.

PARIS, Dec. 1.—“Where are we going?” asked M. Emile Boutroux, the famous French writer, in a remarkable speech delivered at the annual public session of the Institut de France.

“Thinking over the actual state of things,” said M. Boutroux, “one asks oneself if the tremendous effort made to overcome the powers of evil does not risk ending in a perfect torrent of imminent revolutions.”

Senator Cornet, in the Journal, writes a striking pendant to M. Boutroux's speech. He puts contemporary French life in the pillory and says that the newspapers sound like a jazz band.

“During the first seven months of 1919,” he states, “we spent 120,000,000 pounds more than during the first seven months of 1918. The difference between what we bought and what we sold in 1919 has created a deficit for us of 460,000,000 pounds. During the month of July our debt increased 68,000,000 pounds. We are rushing toward ruin.”

The Senator then attacks food prices and the supine policy of the Government. He also touches on the question of rents and truthfully says that since the beginning of 1914 a great number of Frenchmen have paid nothing.

“What are we doing?” asks the Senator, and answers his own question by saying: “Why, we are dancing.”

The Senator is perfectly right. Never before has Paris known such luxury and extravagance as exist today. Gorgeous dancing halls have been opened all over the city. During the past week alone three new ones have opened.

Paris is dancing mad. One dances all the afternoon and most of the night. For these fox trots the women need special dresses, and on the front page of an illustrated daily this morning there are photographs of fur coats costing 4,800 pounds, or eleven and a half times their weight in gold. A woman's hat is priced at 60 pounds, a veil at 3 pounds, and a woman's patent leather shoes at 7 pounds 10 shillings.

This extravagance is not absolutely confined to the upper class. I noticed yesterday in a poor quarter, chickens selling like hot cakes at prices ranging from 12 shillings to 18 shillings each, and right opposite this shop I saw a house with a notice board: “School for fox trot and Boston across the courtyard.”

Torchon Laces.

Torchon laces, popular in America, were first made in Chefoo, China, twenty-five years ago when missionaries taught the Chinese lace-making. Chinese now compete with Belgians in making laces.

ANNISTON MAN COULD SEE THE CHANCE AT ONCE

This 72 Year Old Citizen Declares He Never Knew Any Medicine to Act so Quick to Relieve Dizzy Spells and Nervousness.

PRAISES DRECO.

“In all my life I never encountered such a splendid remedy as this new tonic Dreco,” states Mr. D. B. Fitzgerald, the well known citizen of 231 South Quintard Street, Anniston, Ala. Probably no one in Calhoun county is better known than Mr. Quintard, so his statement will be read with much interest.

I read an advertisement in the paper about Dreco and what it was doing around here for people having the same complaint as my own, so I decided if it was helping them, it would also help me, so I bought a bottle. I found its action very quick, and at the same time, very pleasant. I believe I felt the effects with the first few doses. It got right after my biliousness and dizzy spells and put a stop to them. It has also given me more strength and energy, and I have more endurance than in a long time. Dreco is fine medicine and I gladly give my public approval of it.”

Dreco has proven an ideal tonic for elderly persons; also weak, sickly people and children. It builds them up; creates a healthy appetite; induces sound, refreshing sleep; keeps the bowels moving, the kidneys active, and clears the bile from the liver. Dreco is pleasant to take, and the action is prompt, pleasant and efficient.

All good druggists now sell Dreco and it is highly recommended in Albany by Albany Drug Co. in Decatur by Hilda Drug Co.—Advertisement.

“Pape's Diapepsin” puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sick, gassy and upset and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs so little at drug stores.—Advertisement.
